**A renowned intuitive and visionary shows you how to know what you need to know just when you need to know it.**

Intuition is not a rare gift that only a gifted few possess but an innate human capacity that can be enhanced and developed. Synthesizing insights from psychology, East- West philosophy, religion, metaphysics, and business, this hands-on workbook in the tradition of Julia Cameron's *The Artist's Way*, can teach anyone to achieve a heightened state of perceptual vitality and integrate it into daily life. Intuition, writes Penney Peirce, is "not the opposite of logic," but rather "a comprehensive way of knowing life that includes both left-brain analytical thinking and right-brain communication states." On a practical level, intuition enables us to learn faster and make quicker, more inspired decisions. On a deeper level, it "is a powerful tool that can heal the painful split we all feel between our earthly, mundane selves and our divine, eternal selves." Widely praised in its earlier editions, this new edition of *The Intuitive Way*, with a Foreword by Carol Adrienne, will introduce Penney Peirce's pioneering work to a whole new readership.
