Childhood and Postcolonization: Power, Education, and Contemporary Practice (Changing Images of Early Childhood) Gaile S. Cannella, Radhika Viruru

This book opens the door to the effects of intellectual, educational, and economic colonization of young children throughout the world. Using a postcolonial lens on current educational practices, the authors hope to lift those practices out of reproducing traditional power structures and push our thinking beyond the adult/child dichotomy into new possibilities for the lives that are created with children.
