20 Movies You Probably Haven't Seen Reviewed By A Guy You Don't Know, as the name implies, contains reviews of 20 movies that most people haven't seen. Some of them are obscure, some are famous flops, and others are too weird for most people to even consider watching. A lot of them include dwarves, but that's probably just a coincidence. The reviews are written by a random guy you probably don't know. He has no real qualifications as a movie reviewer other than the fact that he watches a lot of movies and sometimes writes reviews of them.
