In *Scorching Research*, struggling erotic author Lesley Davenport is looking for the plotline that will send her career soaring, so she moves to Cherish, a city bursting with menage relationships. Leslie sees a bestseller in the making, but she'll need a couple of willing research subjects to make her book a hit. When hunky firefighters Ryder Cox and Blaine Ellis save her cats from a burning building, she knows they're the men for the job. But when business and pleasure mix, she wonders if a happily ever after ending is possible. In *Beneath Their Uniforms*, Sierra Matthews has sworn off men, especially ones who wear a uniform. Then she has a brush with death and finds herself locked in a scorching kiss with a super-sexy paramedic. But her self-destruction doesn't end there. Two days later, a devastatingly handsome firefighter makes it his mission to end her self-imposed celibacy. There's no doubt about it, her hormones are definitely out of whack and, when the men team up, her no-men-in-uniform vow is burned to ashes. In *More Than a Fling*, the house Alyssa Kinney inherited needs repairs, the accompanying dog hates her, and her job at the newspaper isn't as glamorous as she'd dreamed. Stack on a couple of smokin' hot neighbors that would rather snicker than lend a hand, and her new life in Cherish isn't off to a great start. Then a multi-car accident creates a hazardous scene and her boss's star reporter is MIA. But the story will do more than prove her worthy to her boss when it ignites a fire in Cherish even two drool-worthy firefighters can't put out. ** A Siren Erotic Romance
