The story of combat service support during Operation Iraqi Freedom–I is one that could have been easily overlooked by history, except what would have been lost is more than a simple tale of Marines performing exceptionally during a time of war. Lost would have been a recollection of historical firsts, an account of extraordinary vision and insight from some of the Marine Corps’ top leaders, and a chronicle of miracles performed in the heat of battle by individuals who rarely receive the glory and praise of their front-line combat counterparts. This monograph tells the story of the Marines and sailors from 1st Force Service Support Group and 2d Force Service Support Group, whose combined efforts helped pave the way for the Marine Corps’ success during Operation Iraqi Freedom–I.
