Doing Political Science: An Introduction to Political Analysis

Alan S. Zuckerman

Doing Political Science: An Introduction to Political Analysis Alan S. Zuckerman

Written specifically to meet the need for an introductory text covering the various approaches to political explanation, this book will be welcomed by all teachers of political science. The book offers an overview of the five paradigms of political explanation - those based on rational choice theory, political psychology, community analysis, Marx and Weber. The book also examines what these models reveal about politics and the nature of political explanation.
