Cosmic Cross Swami Premananda

The cross is a path of ascension and perfection, ascension from the field of finiteness of the sensory world to the firmament of the Cosmic Consciousness of this transcendental Self. Self-liberation from all kinds and all forms of limitations is the sole purpose of life and the ultimate goal of human existence as an individual self. Soul must regain its inalienable right and unalterable destiny of spiritual freedom in the realization of its eternal divine nature and innate perfection of the Self. The cross and the resurrection are very closely related within our consciousness. The thought and belief in resurrection is vital to our physical, mental, emotional and spiritual well-being. The Light of God is the Mystic Cross from heaven, the only path along which soul journeys in order to discover, reveal and realize, and thereby come to the full cognition of its own perfection. The cosmic Light-Consciousness is the Cosmic Cross of self-ascension and self-perfection.
