IRA Wealth: Revolutionary IRA Strategies for Real Estate Investment Patrick W. Rice

For decades, banks and brokerage houses effectively convinced us that IRA holdings could be invested only in stocks and CDs. Few people knew that there was a viable

alternative that offered both safety and growth. That alternative is real estate.

In *IRA Wealth*, investment expert Patrick W. Rice first teaches you how to turn your IRA into a self-directed account, and then details the many ways in which real estate products can make you rich. The author offers a wide variety of strategies for both the aggressive investor interested in high returns and the conservative investor looking for a steady stream of income—all tax-deferred or tax-exempt.

Although it may be a little late to avoid the volatility of the stock market, the lesson has been simple: Don't put all your eggs in one basket. Patrick Rice now offers you an entirely new basket that holds golden eggs for a bright and rewarding future.
