Alexander Hamilton

The Whiskey Rebellion (Federal Edition) (With Active Table of Contents) Alexander Hamilton

ABOUT THE AUTHOR:

Alexander Hamilton was a Founding Father, soldier, economist, political philosopher, one of America's first constitutional lawyers and the first United States Secretary of the Treasury. He has been described as one who "more than any other designed the Government of the United States": As Secretary of the Treasury, Hamilton was the primary author of the economic policies of the George Washington Administration, especially the funding of the state debts by the Federal government, the establishment of a national bank, a system of tariffs, and friendly trade relations with Britain. He became the leader of the Federalist Party, created largely in support of his views, and was opposed by the Democratic-Republican Party, led by Thomas Jefferson and James Madison.
