**U.S. International Monetary Policy: Markets, Power, and Ideas as Sources of Change (Princeton Legacy Library)** John S. Odell

This book proposes a new framework for explaining and anticipating foreign economic policy changes, at the same time providing a fascinating account of three American policy shifts that transformed the postwar international monetary system.

Originally published in 1982.

The **Princeton Legacy Library** uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These paperback editions preserve the original texts of these important books while presenting them in durable paperback editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.
