Descriptosaurus is the first book for creative writing that is a thematic expansion of a dictionary and a thesaurus. It provides children with a comprehensive resource with which to expand their descriptive vocabulary, experiment with language and sentence structure and build up narratives based around the following areas:

- Settings – landscapes, settlements and atmospheres
- Characters – appearance, emotions and personality
- Creatures – appearance, abilities and habitats.

This model was created as a result of feedback from children as to the resources they required to inspire and assist them with their writing. For reluctant writers or those faced with blank page syndrome, *Descriptosaurus* provides useful starting points to encourage putting pen to paper. Using *Descriptosaurus* will not only inspire children, it will build their confidence and dramatically improve the content of their writing.
