All her life, Emma has heard the term “life sucks, then you die”, but she never knew she was supposed to take it quite so literally. It’s Emma Ferdig’s senior year. She should be looking forward to escaping her mundane small town, and going on to college—finally. Her biggest worries should be the fact that she’s feeling something more for her life-long best friend Finn, and how she’s going to make things happen between them. But all her plans for a less-sucky future go out the window with the discovery of a seriously creepy woman in her backyard. As it turns out, zombies are real. In the first book of the Boring Life Series, Emma’s life is turned upside down as she’s forced to leave everything behind, running off with Finn and a group of extremely odd misfits that include Finn’s jackhole brother Cash, and his unorthodox girlfriend Marley. In an instantaneous journey across the Midwest, they’ll learn horrifying secrets, trust the wrong people, and make deadly mistakes. As they do all then can to try and survive the impending apocalypse, Emma will realize that maybe her painfully boring life hadn’t been such a bad thing, after all.
