Dark Journey to Joy

Joyce Benner Jones

Dark Journey to Joy Joyce Benner Jones

At the conclusion of the American Civil War, Libby, the severely abused wife of a drug addicted Union soldier, begs God for a way out of her misery. After witnessing a horrific scene between her husband and father, she mysteriously awakens in the home and care of three prominent Confederate siblings, with no memory of her past or identity.

Her very presence redirects each of their lives on to a greater and more fulfilling future, especially for Washington attorney, Justin, who was about to enter into a marriage that would not have been God's will for his life.

Encompassing the controversial proceedings of the Andersonville trial of Henry Wirz, this 'Good Samaritan' tale attests to the themes of hope and love, along with the battle between righteousness and injustice. As one woman travels a long dark journey to recovery, the strength of her faith and character assure her that she'll ultimately find happiness and joy.

“Dark Journey to Joy is a historical fiction that delves into the biblical principles of marriage. The conviction of the characters brings the reader to understand the sacred covenant of marriage as to that of our covenant with Jesus. God's perfect plan may seem imperfect, as the individuals in this narrative experience, but it is in His time and not ours. Libby, the main female character, through it all, is a testament of Christ's grace and love. An excellent read that convicts as much as it entertains.”

Cassie Barrow- book reviewer for: Confederate Veteran
