Math Lab 2B Sra

There are 300 Activity Cards divided into 24 sections with 8 to 19 cards in each section. Some of the Activity Cards are Skill Cards, and others are Mixed Practice Cards. Skill Cards These cards contain examples that address a single math concept with three sets of problems. Mixed Practice Cards Most sections have at least two Mixed Practice Cards. The problems on these cards provide mixed practice of skills in that section, as well as practice in a multiple-choice format. The Activity Cards-Skill Cards and Mixed Practice Cards-are correlated to several standardized tests in the Scope and Sequence.
