“Come on Henry, isn’t this the most stupid thing you have heard in a long time? How on earth can they say that this house is haunted? Do you believe in this shit?” **Gabby Macklemore** said with a smile on her face.

But as usual, her cat just stared at her without any response. The two had this incredible, unwritten code between them that spelled the cat was always going to listen to her even if it didn’t utter a response. And for that, the two had a great time.

Gabby hadn’t been lucky enough to marry. But in the end, she was more than happy since it allowed her to work quite perfectly on her job and needless to say, she was great at it.

There was something weird about her new place and needless to say, she couldn’t help but get to ask herself a couple of questions. She wasn’t the kind of person whom would be considered as superstitious. But she was starting to feel as though something with her new house wasn’t right. And on top of that, her cat and best friend of five years, Henry, was starting to act in a funny way.

Will Gabby use her policing skills to get to the bottom of this? Is it true that the house is haunted or is she just overreacting?

Keep on reading to find out what transpires.
