Laughing At The Devil: One Man's Religious Discoveries

David O'Neil

Laughing At The Devil: One Man's Religious Discoveries David O'Neil

Religion and science worked hand-in-hand thousands of years ago. *Laughing at the Devil: One Man's Religious Discoveries* reveals some of the forgotten thoughts of those times.

David O'Neil was a child when his mother ran away to a fundamentalist Catholic cult with him and his sisters. The adventure profoundly affected his life, and subconsciously pushed him to study the roots of Western religion.

Within *Laughing at the Devil* some of our long-lost knowledge is rediscovered. The basis of our historic pagan beliefs is illuminated, and their continuing influence is touched upon.

Whether you've wondered how the seven days of our week came into existence or why the biblical Samson tale is riddled with mythical elements, you are certain to find new insights inside its pages.

Other topics include when the 'Golden Age' prevailed, and what Nibiru—a Babylonian entity many now think is a planet set to destroy Earth—really was. A deeper comprehension of the Jesus story is also included.

With this knowledge we can bridge the current gap between religion and science and build a better world, just as the searchers in the past did with their scientifically-religious thoughts.
