Quantum Capitalism: The Virtuous Science of Money, Power, and Prosperity Stef Delarge

President Reagan's most quoted living author, who was also called a "true American genius" by America's number one conservative radio broadcaster (Rush Limbaugh), said this about Quantum Capitalism: "It presents penetrating insights in its quantum theory of money and a stored energy theory of value. It offers a compelling SINTactical critique of the academic Left and a pithy and trenchant analysis of Islam. Like Knowledge and Power, it combines topical opinions on the news with theories. With admiration, George Gilder" Featured on Drudge Report, Ann Coulter, Michelle Malkin, CNS News, and other major media, Quantum Capitalism is becoming one of the most influential game changing books of our time. It's a great day for advocates of FREEDOM, libertarians and conservatives. Revelations surrounding a profound discovery completely transform our understanding of the mechanics of money, power, and prosperity all exposed and confirmed at the quantum and macro levels through photographs, illustrations and irrefutable proof. Prominent Leftists are called out, named, and eviscerated with logic, undisputed science and history as the release of this brilliant manifesto for the protection of life, liberty, property, and capitalism is certain to impact cultures, economies and governments worldwide. You'll never see the world the same way again.
