## **Imagining the Holocaust** Daniel R. Schwarz

In *Imagining the Holocaust*, Daniel R. Schwarz examines widely read Holocaust narratives which have shaped the way we understand and respond to the events of that time. He begins with first person narratives - Wiesel's *Night* and Levi's *Survival at Auschwitz* - and then turns to searingly realistic fictions such as Borowski's *This Way to the Gas Chamber, Ladies and Gentlemen*, before turning to the Kafkaesque parables of Appelfeld and the fantastic cartoons of Spiegleman's *Maus* books. Schwarz argues that as we move further away from the original events, the narratives authors use to render the Holocaust horror evolve to include fantasy and parable, and he shows how diverse audiences respond differently to these highly charged and emotional texts.
