## **A Gaggle Of Geese (And Other Animal Curiosities)** Jacquelyn Milman

Have you ever wondered what the difference is between a butterfly and a moth, or a bird and a bat? What makes one this and another one that? Look within these pages and you will see the wonders of creatures on land and sea. This charming little book answers these questions and others, such as what the difference is between a dolphin and a porpoise, or a frog and a toad. What's the Difference?, delightfully illustrated by renowned wildlife artist Chrisi Mathews, teaches children how to tell the difference between two similar animals while promoting observational and analytical skills. It is a book every parent, school teacher, and librarian will want to have in his/her collection. They will want to read it themselves and then they, too, will know what the difference is - between a rabbit and a hare, or a llama and an alpaca.
