## The Time Machine by H. G. Wells

### How is this book unique?

1. Tablet and e-reader formatted
2. Original & Unabridged Edition
3. Author Biography included
4. Illustrated version

The Time Machine is a science fiction novella by H. G. Wells, published in 1895. Wells is generally credited with the popularization of the concept of time travel by using a vehicle that allows an operator to travel purposefully and selectively. The term "time machine", coined by Wells, is now almost universally used to refer to such a vehicle (Also see "the anacronopete"). The Time Machine has since been adapted into two feature films of the same name, as well as two television versions, and a large number of comic book adaptations. It has also indirectly inspired many more works of fiction in many media.
