The Fantasy Figure Artist's Reference File with CD-ROM Peter Evans

Both professional and student illustrators of action and fantasy art can take the guesswork out of rendering extreme anatomy and dynamic action poses with help from this valuable reference source. It presents more than 600 detailed color photos of live models, and represents a wide range of physiques, postures, and poses that can be incorporated in fantasy scenarios. The book's accompanying CD-ROM contains all of the book's posed images, allowing illustrators to swipe them directly and paste them into their own computer art projects. The book also instructs on rendering realistic effects to the illustrated textures of flesh, hair, clothing, and metal objects, as well as advice on adding highlights, backlights, and shadows. Here is a valuable reference source that belongs in every illustrator's personal library. All images are copyright free.
