Earth from above Yann Arthus Bertrand

The Earth's best-kept secrets can only be seen from above. Through 170 images taken by remarkable photographer Yann Arthus-Bertrand for ten years in different geographies of more than 60 countries, we get a privileged perspective that discloses a planet as never seen before. Based on a project sponsored by UNESCO and other distinguished international institutions, this original photography record in book format becomes an indispensable document for the visual memory that promotes carefulness for our planet in order to enjoy it and transmit its beauty and richness to future generations. With more than 2.5 million copies sold all over the world, Yann Arthus-Bertrand's Earth from Above moves us and renews our connection with the blue planet: natural layouts and man-made structures become, from above, works of art that give rise to a renewed love for our big house .
