Interactive Distributed Multimedia Systems and Telecommunication Services: 7th International Workshop, IDMS 2000 Enschede, The Netherlands, October 17-20, 2000: Proceedings

The first International Workshop on Interactive Distributed Multimedia Systems and Telecommunication Services (IDMS) was organized by Prof. K. Rothermel and Prof. W. Effelsberg, and took place in Stuttgart in 1992. It had the form of a national forum for discussion on multimedia issues related to communications. The succeeding event was "attached" as a workshop to the German Computer Science Conference (GI Jahrestagung) in 1994 in Hamburg, organized by Prof. W. Lamersdorf. The chairs of the third IDMS, E. Moeller and B. Butscher, enhanced the event to become a very successful international meeting in Berlin in March 1996. This short overview on the first three IDMS events is taken from the preface of the IDMS'97 proceedings (published by Springer as Lecture Notes in Computer Science, Volume 1309), written by Ralf Steinmetz and Lars Wolf. Both, Ralf Steinmetz as general chair and Lars Wolf as program chair of IDMS'97, organized an excellent international IDMS in Darmstadt. Since 1998, IDMS has moved from Germany to other European cities to emphasize the international character it had gained in the previous years. IDMS'98 was organized in Oslo by Vera Goebel and Thomas Plagemann at UniK – Center for Technology at Kjeller, University of Oslo. Michel Diaz, Phillippe Owezarski, and Patrick Sénac successfully organized the sixth IDMS event, again outside Germany. IDMS'99 took place in Toulouse at ENSICA. IDMS 2000 continued the tradition and was hosted in Enschede, the Netherlands.

From reader reviews:

Roberto Senn:

In this 21st hundred years, people become competitive in most way. By being competitive now, people have do something to make them survives, being in the middle of the particular crowded place and notice by simply surrounding. One thing that oftentimes many people have underestimated the idea for a while is reading. Yes, by reading a publication your ability to survive raise then having chance to stay than other is high. In your case who want to start reading a new book, we give you this Interactive Distributed Multimedia Systems and Telecommunication Services: 7th International Workshop, IDMS 2000 Enschede, The Netherlands, October 17-20, 2000: Proceedings book as basic and daily reading publication. Why, because this book is more than just a book.

Treva Ritter:

Playing with family within a park, coming to see the ocean world or hanging out with pals is thing that usually you have done when you have spare time, subsequently why you don't try thing that really opposite from that. One activity that make you not sensation tired but still relaxing, trilling like on roller coaster you have been ride on and with addition of knowledge. Even you love Interactive Distributed Multimedia Systems and Telecommunication Services: 7th International Workshop, IDMS 2000 Enschede, The Netherlands, October 17-20, 2000: Proceedings, you could enjoy both. It is fine combination right, you still would like to miss it? What kind of hang-out type is it? Oh come on its mind hangout fellas. What? Still don't have it, oh come on its identified as reading friends.

Joey Mendoza:

Does one one of the book lovers? If so, do you ever feeling doubt if you find yourself in the book store? Try to pick one book that you never know the inside because don't judge book by its deal with may doesn't work at this point is difficult job because you are frightened that the inside maybe not because fantastic as in the outside appear likes. Maybe you answer could be Interactive Distributed Multimedia Systems and Telecommunication Services: 7th International Workshop, IDMS 2000 Enschede, The Netherlands, October 17-20, 2000: Proceedings why because the amazing cover that make you consider regarding the content will not disappoint a person. The inside or content will be fantastic as the outside or even cover. Your reading sixth sense will directly guide you to pick up this book.

James Sirois:

As we know that book is vital thing to add our information for everything. By a e-book we can know everything you want. A book is a group of written, printed, illustrated as well as blank sheet. Every year has been exactly added. This publication Interactive Distributed Multimedia Systems and Telecommunication Services: 7th International Workshop, IDMS 2000 Enschede, The Netherlands, October 17-20, 2000:

Proceedings was filled regarding science. Spend your free time to add your knowledge about your scientific disciplines competence. Some people has distinct feel when they reading the book. If you know how big good thing about a book, you can truly feel enjoy to read a guide. In the modern era like now, many ways to get book that you wanted.
