"Wake Up and Die Right!": An Atheist Welcomes the Coming of the Cosmic Christ Ben Foster

"The highly educated person in modern America is commonly suspicious of religion and an advocate of secular reason and science—in short, an atheist. The author of this book was raised and educated to be just such a nonbeliever, but through powerful numinous experiences came to reject the atheism of his upbringing. This is the “waking up” of the book’s title, a waking up to the deeper truths of the soul. Its pages record a spiritual autobiography, a journey from doubt to a life-affirming faith in the coming of the Cosmic Christ.
