## Herbal Antibiotics: Verified Natural Antibiotics Made from Herbs That Will Improve Your Health (Herbal Antibiotics Books, herbal antibiotics and antivirals, natural antibiotics) Tina Fisher

As synthetic antibiotics become less efficacious every day, due to antibiotic resistance, a growing number of people are rediscovering herbal antibiotics. Unlike synthetics, in order to take natural antibiotics you do not actually have to wait to be sick. Herbal antibiotics can be taken daily with a correct diet, to improve your health.

As you can recognize from the name, natural antibiotics are composed of plant and minerals found in nature. The absence of adverse reactions, a limited cost and a less harmful impact on microbial flora, which is essential to our well being, are just some of the positive aspects that explain why herbal antibiotics have long been used and are so popular these days.

Even if a serious health problem always requires the advice and suggestions of your physician, herbal antibiotics can be useful for many conditions and you will discover many of their preventive and healing properties throughout this book. You will also find some suggestions about the multiple ways in which herbal antibiotics can be consumed.

## Topics that will be covered in more detail throughout this book:

- What is a herbal antibiotic and how does it act?
- Why synthetic antibiotics must not be abused
- Which herbal antibiotics are effective for specific health conditions
