For *Tales of the Brothers Grimm*, 36 celebrated and lesser-known of the unsanitized fairy tales collected by the illustrious brothers were carefully chosen by artist Natalie Frank, reinterpreted in 75 gouache and chalk pastel drawings, and cast in a Surrealist dreamscape. This volume, designed by Marian Bantjes, is the largest collection of *Grimms' Fairy Tales* ever illustrated by a fine artist. Frank's irreverent palette, sophisticated use of color and inventive depiction of these dark narratives capture the original stories with a contemporary and unflinching eye. Each of the tales opens with a hand-drawn title page and is framed by a unique border; small drawings punctuate each story in the tradition of classic fairy-tale editions. The foremost Grimm scholar, Jack Zipes, introduces the book.
