Camden McMahon has never trusted witches. He's willing to temporarily overlook his animosity and work with a coven in order to put an end to the threat against his family. Then he meets the daughter of their high priestess, a gifted witch in her own right—and Camden's fated mate.

Selene Trevil has always treasured the magic which flows through her veins. Until it calls out to Camden and marks him as her intended consort. A relationship between a shifter and a witch is unheard of, but resisting his pull is impossible.

Will Camden and Selene have to *bear the burden* of the past? Or will their love be enough to overcome all the obstacles standing in their way?

This is the third McMahon Clan book, a spin-off from the Black River Pack stories. Each novella features a different couple.
