**Ciudades radicales. Un viaje a la arquitectura latinoamericana (Noema) (Spanish Edition)** Justin McGuirk

Este viaje por lugares extremos en América Latina empieza en México, a la sombra de una inmensa barriada de viviendas sociales de la década de 1960, cuando las colmenas de pisos baratos parecían la solución a la escasez de vivienda. Sigue visitando las villas miseria de Buenos Aires, los cerros de Caracas, las favelas de Río, las casas ampliables de Chile, las laderas de Medellín ahora salvadas por el Metrocable... y diversas iniciativas de vivienda social planteadas con espíritu práctico, creatividad y una mirada al futuro. Desde mediados del siglo XX, cuando la utopía del movimiento moderno se fue a América Latina para morir, la región se ha convertido en un campo de pruebas para las concepciones más radicales de lo que es una ciudad. Aquí, en el continente más urbanizado del planeta, las ciudades extremas han dado pie a situaciones extremas. Justin McGuirk las ha recorrido y vivido y el resultado es este libro radical, imprescindible para interesados en la política, el urbanismo y las maneras de vivir en el siglo XXI.
