**Stripped Down Project Management: Theory, Practice, and Tools for Successful Project Managers**

John Payne

## **How to Be a Successful Project Manager**

Project management is one of the most exciting disciplines to be working in today. Projects are where the new products, services, and processes that we use every day are created. Managing projects gives you an opportunity to show your leadership skills, entrepreneurship and creativity, and is often the springboard to moving up the career ladder.

### **This book will:**

- Explain how to deliver projects successfully by following a step-by-step process
- Provide the tools you need to help make your work easier
- Explain the fundamentals of project management theory
- Describe how to successfully implement project management theory in real life
- Provide advice on how to recover should a project start to go wrong

This book is about making you an effective and successful project manager as quickly as possible. Would you want anything less?
