What Happens in Vegas..... Moet didn't set out to be a Boss. She actually had a different plan for her life, but sometimes tragedy will make you who you really are. Harry Blake was born into the life. The streets called him Killa, and he was damn good at it. The only soft spot in his heart belonged to one woman, finding what to do with those feelings is a different story. Follow Moet as she discovers the inner strength to deal with her deep scars and emotions. Through it all she will learn how to Act Like A Lady and Think Like A Boss. Life's Choices Can Be Deadly! After losing her mother at 16, Gemini Stephens was forced to raise herself, and that meant doing anything necessary to keep herself fed and off the streets of Las Vegas. Things changed for her when she met Kane, an older, successful man who put her through college and trained her to be the woman she is today. Gemini has been living a double life for many years. To some, she's the loving fiancé to Cameron Livingston, III, to others, she's a trained assassin. As the story starts to unfold, Gemini's loyalty is questioned not only by Kane, but by Cameron as well when another man steps into her life. When her life is put on the line, she will have to make the decision to kill someone close to her or be the one who takes the bullet. Keep Your Enemies Closer! What do you do when those closest to you commit the ultimate betrayal? You don't get mad you get even. Follow Camille as she handles herself like a Boss in a situation where most would fold. Instead of allowing those responsible to see her fall apart she holds her head up high and handles her situation as she sees fit. Her new motto is "Fuck Love Get Money" and that's exactly what she plans on doing.
